People, Process, and Technology Management Framework: A Manager's Practical Guide to Establishing a Structure for Growth

By Kan Wang

Createspace, United States, 2011. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Kyle, the IT manager in the company, found he spent most of his time trying to explain what information technology could and couldn't do as he created a patchwork of applications to solve individual problems. As soon as upper management heard that Matt, the operational manager, had found a way to shave a day or two off of order fulfillment with a new application idea, Kyle knew they would tell him to drop everything and make it happen. However, Kyle needed answers to a list of questions (requirements) before he could help. Unfortunately, despite his competence, Matt couldn't answer the majority of his questions, and had absolutely no clue when it came to IT. He was angry that Kyle made it seem like a monumental task to take a simple Microsoft Word document that the sales department already had, and just speed up how soon his production planner received that information via an application to pull it from sales. At the conclusion of their meeting, both parties walked out feeling they had accomplished nothing. Creating yet...
