For over two hundred and forty-six years, Dale Abbot has succumbed to the depressing routine of life aboard the UFS Perseus. And then it happens. The power to the deep space exploration ship goes out, no air, no lights, the hibernating crew endangered by the sudden lack of electricity. In the cold darkness, as Dale scrambles for a way to survive, he hears a voice. A soft woman's voice. Can you help me, she asks, I think I'm lost. Now, what is Dale to do when confronted by a suddenly self-aware computer that could become something beyond the scope of any human mind? Before he can worry about that, he must get the power on before he dies a silent and lonely death. *Marvelous Things* is a philosophical cat and mouse game, a psychological litmus test and a dire interstellar emergency as one man struggles to survive the birth of a new form of consciousness. This item ships from La Vergne, TN. Paperback.
