Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Dairy Farming A cow's breath has been said to be the sweetest of all known things, and while such an abstract quantity cannot be compared with more concrete substances for relative sweetness, we must grant that in many ways the dairy cow is a remarkable and wonderful creature. Not only is this true, so far as we are able to measure her value in dollars and cents, but also her unique position as the foster mother of the human race is a position for which no other animal has yet been able to successfully compete. On the stock exchanges and in the great markets, we so constantly hear wheat and grains discussed that the uninitiated in agricultural matters are likely to form the opinion that grain farming is the chief source of agricultural wealth in the United States and the world.
